Ahmedabad : eKal Academy, the digital learning initiative of the Kalorex Group, hosted the eKal UniFair 2024, a virtual event connecting students and parents with representatives from 30 leading universities across the globe.

The event featured universities from the US, France, UAE, Australia, Germany, and other countries, offering a range of programmes, including STEM, humanities, arts, business and more.

Around 200 students and parents joined the live online sessions with the university delegates, gaining information about the programmes, admission requirements and other aspects of higher education. The participants also received insights and guidance about visa processes, cost of living, lifestyle, and career opportunities directly from university experts. A key focus was on scholarship opportunities and financial aid, providing vital insights for students aspiring to study overseas.

“We are delighted with the overwhelming response to eKal UniFair 2024. This initiative connects students and parents with top global universities, ensuring they receive accurate and valuable information. It aligns perfectly with our mission to empower students in their educational journey,” said Mukesh Garg, Head Digital of eKal Academy.

Admission officers from renowned universities shared insights into the college application process, highlighting what institutes look for when assessing applications, common mistakes to avoid, and how to make one’s application stand out.

eKal UniFair 2024 demystified the admission process, from shortlisting institutes to interacting with university representatives and securing a coveted spot in top global institutions.
